Rev. Dr. J. H. Enow met with a serious mishap Friday night at Woody. He had been there to preach in the Baptist church and as he attempted to crank his car to return home, the car "kicked" and broke the bone of his right forearm. He feared the bone was shattered to some extent as well as being broken and went to Knoxville Saturday to have an X-ray taken to determine the true condition. Dr. W. A. Reed reduced the fracture. Reports from Rev. Snow state that the X-ray shows that the setting of the bone was well done and the wounded arm is in the best possible condition for speedy recovery. Fears are entertained that Rev. Snow will not have the full use of his hand again as the bone was broken close to the wrist.

J. E. Taylor is recently in receipt of a letter from Ernest E. Taylor, who is now a tCamp Travis, Texas, serving as a corporal in Company B, 2nd Engineers. The young man says the army is a great place to have the ambition of a young man awakened to the importance of making something of himself in the world. While he does not contemplate enlisting again when his time is out, some twenty months hence, he does feel that his service for Uncle Sam will prove of great benefit to him.

G. E. Harrison and family are moving today to the handsome residence he recently bought from J. B. Johnson.

THE name Carey on the package indicates that the roofing or shingle is made of Carey Asphalt by the oldest and most experienced makers of roll roofings in the country.

The Underwriters' label is a guarantee that a representative of the associated fire insurance companies has inspected the material and pronounced it to be fire-resisting and spark-proof.

Our own name signed to this advertisement means that we know the endurance and quality of this roofing from our own observation, and believe it to be the best ready roofing and the best value for the money that has ever been put on the market.

Anyone can apply Carey Roofing or Shingles and no painting or up-keep expense is necessary afterward.

Rev. S. A. D. Smith was her from Livingston yesterday in the interest of the China famine fund. Tennessee is asked for \$200,000 and this county is being asked to furnish \$150 of the amount. While here Rev. Smith arranged with J. W. Dorton, G. P. Burnett and Mrs. Dollie Comstock to take the matter in hand. Mrs. Comstock is to act as secretary and treasurer. Our people should respond in a generous manner to this call for help for those starving millions. No one is so poor they cannot give something and most of us can really give more than we think, if we once determine to do so.

Columbia Tabor, aged 71, died at his home near Creston, Thursday night at 10 o'clock of pneumonia. He was sick about two weeks. Dr. V. L. Lewis was called but the disease had so far progressed that all hope of his recovery was vain. He lived in this county all his life, had been very saving and had accumulated, some estimate, \$10,000 to \$15,000. He lived in a small house with only one door and no windows and there on his little farm he toiled and saved practically all his life. He leaves a wife and several children.

Judge S. N. Smith and wife were visiting friends at Monterey for the week-end, returning home Sunday.

At the regular monthly communication, Monday night, of Crossville Masonic Lodge, work was done in the second degree. District Lecturer E. B. Duke, of Nashville, and E. C. Warner, Master of Cookeville Lodge, were present and assisted with the work. The occasion proved a most enjoyable one. Crossville Lodge is very active now and has been for some months. Work will be done in the Third Degree Thursday night and also Monday night. In order to complete the work in hand without extending unto a late hour, the lodge will open at 7:00 instead of the usual hour, 8:00. It is hoped there will be a large attendance of the brethren from over the county.

The six-o'clock dinner, followed by a dance at the opening of the new Hotel Taylor Monday night brought out a goodly crowd in spite of the rainy and cold evening. About 50 plates were laid and a most excellent repast was served. The lobby and ladies' parlor were warmed by a roaring fire in each of the brick fireplaces. The rooms were very bright and cheerful and all present agreed that Mr. Taylor will soon be equipped with eth most cheerful and pleasant hostelry between Knoxville and Nashville. Owing to delay in the arrival of some material the work on the building is not completed, but will be pushed to completion as early as possible.

Mr. and Mrs. John Q. Burnett arrived from Nashville Monday. Mr.

Burnett had been there for several weeks being treated in a hospital and Mrs. Burnett had been constantly at his bedside. He returns home in splendid physical condition and it is confidently expected that he will fully regain his health within a comparatively short time.

Mrs. Mattie Taylor is reported to be improving rapidly in the hospital at Nashville. He mother returned recently and was much gratified at the splendid progress her daughter is making on the road to recovery. She is expected to be able to return home within a short time.
